## Dance of Golden Butterflies

Butterfly wings  
start soft breezes  
silent to my ears  
but  
symphonic storms  
to butterflies.

Flowers open  
in golden sunshine  
offer sweet nectar  
to hummingbirds,  
to butterflies  
to all.

Butterflies dance  
on wind  
to golden flowers  
open to hot sunshine,  
Sip sustenance  
in Golden sunshine  
sustained by sun  
sustained by sun

Golden nectar in sunshine  
Golden gifts  
fountains of life,  
wings buzz  
hum  
rattle  
transparent wings  
drink  
fill with life  
drink nectar  
fill with life  
fly  
pollen to seeds  
flowers  
fruit  
Golden Sunshine  
Life.
