

Wake

Wake
from deep slumber

find beauty
of Love
of Peace
among all of us
Sisters Brothers
Children Mothers Fathers
Grandmothers Grandfathers
All of Us
of every color
of every place of beginning
of every place of living

from deep slumber
Wake
from mesmerization
the devil of hatred
the devil of evil
the devil of destruction
dances to our eyes
mesmerizes
dances thoughts into hate
division and chaos
hearts
into hate and greed
and lust for power
dancing devil
would steal our souls
dancing devil
father of all lies
steals to destroy

to end reverence for life

to end
my Love for you
your Love for me
to destroy

Wake

We dream of war
violence among us
violence to destroy
ourselves
Life
our home
earth we live on
spins
in Love for all life
Love for all existence
around the sun

Wake

There is Love here
there is beauty here
waiting for us to wake
Strip away sleep
strip away
dreams nightmares
of violence
disharmony
strip away goggles of war
strip away helmets of war
strip away uniforms
discard paraphernalia of greed
discard paraphernalia of power
over others

Wake

to the harmony
given us
celebrate peace
remember
we are born to
Truth
Truth of Love
to Love

All of us

wake
and realize
God's creation
all Good is
God's image and likeness
every color
every place
of origin
of living

we wake
to receive the gift of Love
of Home
of True Identity

in this universe of Love
Love
shines
to us
from every star

Wake
